An Effortless User Experience

Over-complicated printer controls drain valuable time and can impact your overall productivity. The new Kyocera TASKalfa A3 series puts an end to that with a user interface that has been totally redesigned to minimise confusion and maximise your capabilities, for printing that is easy and intuitive.

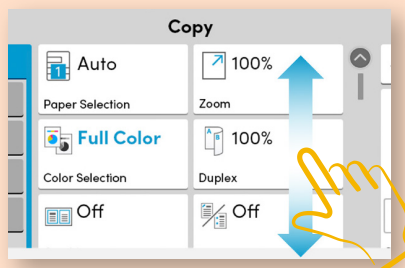

Meet the New User Interface

With standard colours and easy to understand icons, carrying out tasks at the printer has never been simpler.

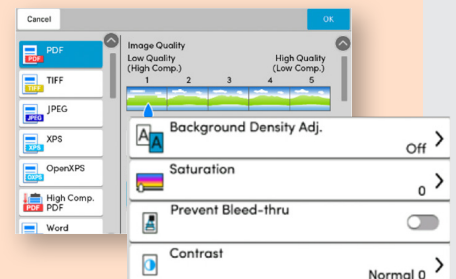

Simple

Standardised icons and graphics make navigation intuitive and easy.

Intuitive

Emphasise important information and use gestures to select target items.

Efficient

Work quicker with fewer steps, along with quick-switch settings.

Higher Risks Mean Better Solutions

Security is a greater concern than ever before, with more large-scale cyberattacks hitting the headlines every day. Businesses must preemptively prepare for potential risks by equipping themselves with solutions that ensure data and networks are constantly protected.

These new devices come with a whole range of new security enhancements:

Certificates

Devices keep themselves up to date with latest security certificates, and use encrypted communications to validate their certificates. (SCEP & OCSP/CRL).

Encryption

Protect emails with authentication, digital signatures and encryption. A faster way to keep data secure in your network (S/MIME & TLS version 1.3).

Device Management

You will have the ability to log security events and monitor for malware, data leakage and other security breaches. (SIEM).

Kyocera's up-to-date security compliance shows our commitment to the highest standards of information security management.

New Heights of Productivity

Now more than ever, companies are seeking devices that are more agile and robust, and ever-smarter ways of working. The new TASKalfa A3 series empowers companies to maximise productivity like never before.

Re-energise the Way You Work

High Performance

Fast print and scan speeds for maximum efficiency.

Paper Capacity

Less time filling paper trays means more time for quality work.

Digitisation

Transform your workflows faster while pivoting to a paperless workspace.

Durability

Long-lasting toners ensure professional quality that lasts.

Proven Quality

Our devices have earned industry recognition for their reliability.

Optimal Security

Enjoy some of the most advanced security technology on the market today.

This new TASKalfa series takes a holistic approach to workflows in the **modern workplace**.

By addressing and tackling pains at each stage of the document lifecycle, we have delivered a range of devices for today's businesses. A TASKalfa device can help turn past weaknesses and blind spots into **new value-adding opportunities for your organisation**.

We have taken the complex and made it simple.

As it should be.

Finish in Style

With the new TASKalfa A3 series, **it's your documents your way.**

Today's workspaces demand greater agility and media flexibility, and Kyocera has risen to the challenge with brand-new finishing capabilities for 60/70ppm devices.

ZF-7100 Z-Fold Option

This functionality enables you to add "z-folded" sheets into your documents. This includes diagrams, charts and other larger sheets that need to be folded into a 8.5" x 11" sized booklets. This can also be particularly useful for standalone applications when producing invoices, marketing flyers and brochures.

Staple Finishing Option

These new devices boasts 4,000 sheet staple finisher options that support 65 and 100 sheet stapling and 2/3 hole-punching for clean, professional looking output so that more jobs can be kept in-house even in the most demanding of work environments.

IS-7100 Inserter Unit Option

This presence of two trays enables users to feed pre-printed pages as potential front or back covers or sheet inserts. The Inserter Unit avoids the need for pre-printed sheets to go through the high-temperature fusing process at the MFP, thus ensuring that the pre-printed sheets won't get destroyed or melted.

Evolving Our Future

Keep your productivity high and sustainability higher.

Kyocera was built upon the principle of **doing the right thing as a human being**. In everything we do, we try to balance ecology and economy, and seek to make all of our growth sustainable.

a
This means that you can rest easy knowing that, while you're maximising productivity and efficiency within your business, you're also reducing your environmental impact.

Our TASKalfa devices makes it possible to combine eco-friendly printing with greener and more intelligent digital processes, so that your daily work has a reduced carbon footprint. Your growth doesn't have to cost the environment.

**We do more than just talk about sustainability.
Our actions speak for us.**

COPY FUNCTIONS

Max. original size: A3/Ledger

Continuous copying: 1 – 9999

Zoom range: 25 – 400 % in 1 % steps

Preset magnification ratios: 5 Reductions/5 Enlargements

Exposure mode: Manual: 17 steps

Image adjustments: Text + Photo, Photo, Text, Diagram/Map

Features: Scan-once-copy-many, electronic sort, 2in1, 4in1, image repeat, page numbering, cover mode, booklet copy, interrupt copy, form overlay, margin shift, auto cassette change, skip blank page, ID copy, Handwriting erase and highlight

SCAN FUNCTIONS

Functionality: Scan-to-email, Scan-to-FTP, Scan-to-SMB 3.0, Scan-to-USB Host, Scan-to-box, Network TWAIN, WSD scan (WIA Driver Network), DFS Scan, DSM Scan

Scan speed: 274 ipm (300 dpi, A4, duplex, with DP-7160/7170)

Scan resolution: 600, 400, 300, 200 dpi, 256 greyscales per colour (1,200 dpi via TWAIN and WIA driver only)

Max. scan size: A3, Ledger

Original recognition: Text, photo, text + photo, Light Text / Fine Line, optimised for OCR

File types: TIFF, PDF, PDF/A, JPEG, Open XPS, Encrypted PDF, High compression PDF, PDF/A-1a/b, PDF/A-2a/b/u, Searchable PDF(Optional), MS Office file(Optional)

FAX FUNCTIONS (OPTIONAL)

Compatibility: ITU-T Super G3

Modem speed: Max. 33.6 kbps

Transmission time: Less than 3 seconds (JBIG)

Scanning speed: 2.0 seconds or less

Maximum original size: A3/Ledger, Banner: 1,600mm

Compression method: JBIG, MMR, MR, MH

Features: Network faxing, rotate transmission, rotate reception, encrypted transmission and reception, duplex fax reception, memory reception, mailbox, remote diagnostics, polling transmission and reception, broadcast, Optional Internet-fax, dual fax with second fax system 12

CONSUMABLES

Average continuous toner yield in accordance with 6 % coverage A4

TK-6349K Toner Kit: Microfine toner black for 40,000 pages A4

Staples: SH-10: 5,000 x 3 staples for BF-730, DF-7100, DF-7120, BF-9100, SH-12: 5,000 x 3 staples for DF-7140, SH-14: 5,000 x 5 staples for DF-7150
